WHEREAS, At the present time, there is limited access to dental care for people who are covered by the public aid system; and

WHEREAS, The availability of dental services is a necessity and should be available to all citizens, regardless of economic situation; and

WHEREAS, With many new, young dentists opening practices and struggling to repay their student loans, it has been suggested that a program could be instituted in which dentists would treat public aid recipients; in return for their dental services, the State would credit the dentists for the dental services they provided and would submit a predetermined payment to the financial institution holding those dentists' student loans; and

RESOLVED, BY THE SENATE OF THE NINETY-FIRST GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that a Task Force is hereby established to

study the feasibility of legislation that would allow public aid patients to receive quality, basic dental services and, in return, the student loans of the dentists providing these services would be reduced; and be it further
